

College Connect: Questionnaire

We are students of University of Delhi, trying to build a set of integrated android apps, collectively called College Connect. This project tries to tackle various problems present in the institutes and aims to enhance the communication between college management, students, teachers as well as canteen staff.

The objective of this project is to build four android apps for students, teachers, college management and canteen staff with various features, collectively called College Connect. Every app will have different features and will be interlinked with each other to provide the required functionality.

Please, spare some time and fill this form. This will only take 2-3 minutes. All the information will be kept confidential and will be used only for research/academic purpose.
